High School Student Advisors Needed, Too!

A Message from the Forest Grove Library

The Forest Grove City Library continues working to improve and expand our services as we navigate the restrictions established by the State of Oregon and Washington County health authorities in response to the COVID-19 pandemic. We thank you for your patience and understanding as we work to bring back services to our community and find new methods of delivering them to you.

We currently provide these curbside services:

- holds pickup
- returns
- printing (first 20 pages are free)
- photocopying, scanning, and faxing upon request
- donations drop off
- issuing new and replacement library cards

We have also begun producing and presenting live-streamed and online programs that are engaging and interactive. We will begin circulating Wi-Fi hot spots in September for those

patrons without Internet access. In addition, we will be offering monthly Take & Make learning crafts for kids and teens starting in September. We encourage you to follow us on Facebook and subscribe to our growing YouTube channel to stay connected.

In anticipation of providing building access in the near future, we are actively engaged in making changes to our internal and external spaces to accommodate new distancing realities and the possibility of incorporating more of our outdoor space as a functional element of the library. We are excited about the changes in store and look forward to being able to share them with you.

For up-to-date information, please visit us at forestgrove-or.gov/library or subscribe to our Facebook page.

Please call (503) 992-3247 regarding the services listed above. All other questions or comments can be directed to (503) 992-3246.
